INSURANCE CO. BIDS \$50,000 FOR HOME LAND

The Bankers Mutual Insurance Co. of Adams County, located on Baltimore St., seeks to purchase a 62-acre section of the county home land for \$50,000.

The area is a rectangular part of the county home farm property lying along the west side of the Biglerville Rd. between land of the Adams Realty Co. and A. W. Butterfield property.

Signed by the commissioners and John Hostetter, president of the insurance company, the matter is being prepared for submission to the Adams County court, which has the final say in any sale of county land.

First Major Sale

According to the agreement Bankers Mutual will pay the county \$5,000 on execution of the agreement and \$45,000 when it gets the deed.

The sale, if approved by the court, will mark the first major sale of county property under the plan of the commissioners to sell off that portion of the county farm land no longer usable by the county.

The president of the Bankers Mutual could not be reached this morning for questioning on proposed use of the land by the company, but it was generally understood an office building is among uses being considered.

At their meeting in the court house this morning the commissioners also announced plans for a public sale of part of the county home land. The sale will be held September 14 at 1 p.m. with Philip Miller, Gettysburg R. 4, as the auctioneer. To be sold will be an approximately ten-acre triangular piece of county home land lying along the west side of the Biglerville Rd. and along Howard Ave. The sale also will be subject to court approval. The commissioners said they decided to put the ten-acre tract "up for public sale to see how well it would do." They also said that several people have told them they plan to bid on the property. The triangular site is bound on its back by Adams Realty Co. property.

COUNTY HOME IS NEARING COMPLETION

Adams County's new 132-room county home is "approximately 50 per cent completed," Wayne Cluck, clerk for the project told the county commissioners at their meeting this morning.

Brick walls, with the exception of the western side of the north wing, are completed. Corridor walls are about three-fourths completed and windows will soon be installed.

The windows, of steel construction, were ordered March 15. They arrived Tuesday. However, Cluck said that the work has progressed to such a point that the windows will be installed soon. He anticipated that the metal work for the roof will be on within a week.

"Adams County Home" He also told the commissioners that the workmen "are doing a good job of cleaning up as they go. Everything is in shipshape order."

The building will be named "Adams County Home" and may continue as such as a result of a decision of the commissioners this morning.

There had been some question about the name but someone apparently settled the issue. When the limestone slabs, to be placed at the top of one wall, were delivered the words "Adams County Home" had been carved into the stone.

The commissioners this morning agreed that the stones should be installed "and if we decide later to change the name the lettering can be filled in and a new name carved." Cluck said the size of the stone was such that a change of name could be made.

Democratic Split In Congress Cited By Ike

By JACK BELL

WASHINGTON (AP)—President Eisenhower said today Sen. John F. Kennedy can get what he wants from Congress if he can get the Democrats together.

With this mild gibe at the split among the Democrats, Eisenhower brushed aside at his news conference complaints by Kennedy, the Democratic presidential nominee, that the threat of an Eisenhower veto and lack of Republican support caused the Senate to reject his Social Security plan for medical care for the aged.

In making that complaint, Kennedy said that to get effective legislation "we're going to have to have an administration that will provide leadership and a Congress that will act."

Asked for comment, Eisenhower replied vigorously that the Democratic nominee has a 2-to-1 majority of his party in the membership of Congress.

He said he doesn't see how much more Kennedy could want. Even with more than enough, he added, the Democrats are not getting anywhere in Congress.

Eisenhower said that as for leadership, he had provided it by sending to Congress a program

Congo Troops Airlifted To Tribal Trouble Spots

By ANDREW BOROWIEC

LEOPOLDVILLE, the Congo (AP)—Premier Patrice Lumumba poured Congolese troops by air today into Kasai province, torn by tribal strife and threatened by secessionist movement.

The government requisitioned virtually all aircraft of the new Air Congo—formerly Belgium's Sabena line—to form an airlift from Leopoldville and Lubumbashi, center of continuing tribal warfare.

Congolese soldiers, commanded by hastily promoted officers, began boarding planes at Leopoldville's airport Tuesday afternoon.

Col. Joseph Mobutu, chief of staff of the fledgling Congolese army, confirmed that more than 600 men have been dispatched to Lubumbashi.

The provincial government of Leopoldville province appealed to U. N. soldiers to help it fight "Belgian paratroopers." The provincial government claimed that

first outlined in January and then repeated in May and August. The President said the Democrats have such a great majority that they can do what they want to in Congress if they can get together among themselves.

The news conference was devoted largely to politics, but the Cuban situation also came under discussion.

The President said he does not regard the Cuban situation as hopeless. He said that he will attend the fall meeting of the United Nations only if he finds later that some questions have come up that he thinks he should speak on personally.

Two Gas Heaters Taken From Cabin

State police today are searching for two gas heaters stolen from a mountain cabin five miles north of Caledonia on the Pine Grove Rd.

The officers said Russell Kane, Arendtsville, one of the owners of the cabin, reported someone had entered the cabin during the last week and removed the two gas heaters, both of which operate on bottled gas.

One was a Blue Flame VG-45 floor model, the other a Brilliant Fire 2RA single room heater. Nothing else was missing.

NAWAKWA IN FINAL WEEK; TRAINED 3,016

Camp Nawakwa, the Lutheran leadership training camp in the mountains of upper Adams County, near Brysonia, is in its last week of the season after having played host to 3,016 campers during its 32nd season that opened June 12.

The successive camps have used the site continuously since that date and the campers this final week include 115 Junior girls and 281 Intermediate girls.

Campers this year came from Pennsylvania, Maryland, New York, New Jersey, Delaware, Virginia, West Virginia and the District of Columbia. About two-thirds of all the campers were from Pennsylvania.

141 Graduated

The Rev. John Bishop, assistant pastor of St. James Lutheran Church here and director of the camp since 1957, said the total enrollment, while above expectations, was lower than the 1959 season when a record 3,414 boys and girls trained there. The reduction in enrollment this year was a result of a change in camp policy under which no campers under Fifth grade age shall be permitted. Last year Fourth graders were accepted.

The change was made to accommodate a larger senior camp and to make certain that all seniors seeking admission could be accommodated.

This season 141 young people were graduated from the Senior camp, bringing to 1,472 the grand total for all camps since Nawakwa was established in 1929.

Alumni Weekend Planned

This summer's camps were staffed by a total of 288 persons, some of them serving for more than one camp and some for all camps. There were 184 on the counselling staff and 104 on the teaching faculty.

The camp will close down for the season Saturday after the current campers leave Saturday morning. There will be a Lewisburg school band on the grounds next week for a three-day band camp.

On October 7, 8 and 9 the annual alumni fall weekend for former campers will be conducted at Nawakwa. Held annually for many years, it has grown in popularity.

FREE COUNTIAN IN YORK COURT

Richard E. Black, Gettysburg R. 1, was acquitted Tuesday in the quarter sessions court at York on a bad check charge before Judge Spencer R. Liverant. Black was ordered to pay the costs.

D. K. Shoemaker, York, said that Black purchased a used car from him for \$495 and signed a check for \$100 as a down payment. The check was returned marked "no account." Black said Shoemaker agreed to hold the check until Black could make it good, after telling him that he had no account at the bank upon which the check was drawn, according to the testimony.

Black said he had not gone back to make the check good or to return the car, which Shoemaker repossessed.

Black's attorney, Daniel W. Shoemaker, argued that the case was one for the civil courts and did not belong in the criminal courts.

12TH JUROR IN MURDER TRIAL CHOSEN TODAY

The Adams County court at 1:25 p.m. handed down an order to select 25 more talesmen for use in the Smith case.

Warren Dannelley, 57, Fairfield R. 1, proprietor of the Indian Trail Inn, this morning became the 12th juror for the Elmo Smith trial here. He was the only one accepted up to noon.

Dannelley, one of the 50 selected by the sheriff and his deputies Monday evening for potential jury duty, was chosen about 10:30 o'clock.

When the court recessed at noon all but nine had been called to the witness stand from the list of 50 and the two alternates were yet to be named.

As a result the court was considering at noon sending the sheriff and his deputies into the streets this afternoon to bring in more potential jurors, if needed.

Start Other Cases

With the Smith jury so nearly completed, it was anticipated that another of the cases on the August trial list may get underway today. Plans of the court call for the Smith trial to continue in the main court room while other cases will be heard simultaneously in the basement of the court house. The jury for the first of the other cases to be heard will be drawn as soon as the murder trial jury is selected.

Two of the jurors brought in for questioning this morning were excused by the court: C. A. Bixler, 77-year-old New Oxford R. D. retired telephone company manager, and William G. Little, Gettysburg R. 4.

The commonwealth issued peremptory challenges against Norman Cluck, Fairfield; William A. Dillman, Gettysburg R. 2, and George A. Mallette, Gettysburg R. 3.

Excused For Cause

Those excused for cause this morning were Arthur O. Wolf, New Oxford R. 1; Patricia W. Steinberger, Fairfield; Francis D. Schultz, Fairfield R. 1; John M. Shultz, New Oxford R. 2; Earl G. Sanders, Littlestown; Clyde McGlaughlin, Fairfield R. D.; Alma Myers, Fairfield R. 2; Frank Mumper, Gettysburg; Mrs. Opal Milhines, New Oxford R. 2; Roger Keefer, Littlestown; John A. Hull, Gettysburg R. 4; Paul Z. Grube, Gettysburg; Lloyd C. Gilbert, Gettysburg.

Another Juror Excused

Two jurors were named Tuesday afternoon.

Kermit N. Sterner, Gettysburg R. 4, bookkeeper and father of three children, the seventh person called to the witness stand for questioning during the afternoon, was accepted and filled a vacancy reported when the jurors already selected returned to the court room at 1:30 o'clock.

Charles Taylor, Hanover R. D. electrician, who had been the seventh juror accepted for the panel, became ill while at lunch at the Hotel Gettysburg at noon. Dr. H. F. Harbach examined Taylor, said he was suffering from nervous exhaustion, and at the physician's recommendation, Taylor was excused by the court from the jury duty.

Use Last Challenge

The eighth person called in the afternoon, Evans M. Appler, Littlestown tailor, was also accepted for the panel and became the 11th juror selected. There the number stood throughout the remainder of the afternoon. At the close of the session it appeared that James U. Bowers, 70, retired Littlestown mail carrier, might be the 12th juror, but finally defense attorneys said "Challenge peremptory" and thus the last chance for a 12th juror during the afternoon disappeared. Bower was the 102nd juror.

Want U.N. Planes

For some time, the Congolese government has been asking the United Nations to supply planes. The U. N. refused, saying it had no right to serve as an instrument in the Congo's internal political situation. A number of observers believed that the Congolese airlift into Kasai might prestage a similar operation against secessionist Katanga province, whose Premier Moise Tshombe has been defying the central Congolese government for nearly two months.

In northern Katanga, Belgian paratroopers reportedly restored order in Albertville after a demonstration by Lumumba supporters set off fighting.

POWERS LEAVE MOSCOW; WIFE APPEALS TO K

MOSCOW (AP) — Francis Gary Powers' parents left Moscow by plane today for Copenhagen, 11 days after they arrived for their son's espionage trial.

As Oliver W. Powers of Pound, Va., and his wife, Ida, boarded the plane, the only comment was from Mrs. Powers.

"I would have enjoyed the trip more if circumstances had been different," she said.

Powers was convicted of espionage for his ill-fated U2 flight over the Soviet Union May 1 and sentenced to 10 years' confinement.

The pilot's wife, Barbara, stayed on in Moscow, hoping to see Premier Nikita Khrushchev and plead with him to lighten her husband's sentence.

Wants To See Khrushchev
Barbara plans to leave for home Saturday unless Khrushchev agrees to see her. The Soviet premier is vacationing in Yalta, on the Black Sea.

Mr. and Mrs. Powers were accompanied by their daughter, Jessica Hileman of Washington, D.C.; Mrs. Powers' doctor, Lewis Ingram; a friend and adviser, Sol W. Cury, and attorney Carl MacCafee.

They were seen off by the U.S. consul in Moscow, Richard Snyder of North Plainfield, N.J.

The family was in a cheerful mood and did not discuss their son's plight with newsmen who had coffee with them as they waited for the plane. Mrs. Powers and Mrs. Hileman bought souvenir enameled pins at the airport shop. Cury bought black caviar for friends.

The American flier said goodbye

Miss Beverly Ann Smith, daughter of Mr. and Mrs. Raphael H. Smith, New Oxford, became the bride of Merle Leon Smith, son of Mr. and Mrs. Leon C. Smith, New Oxford, in the immaculate Conception Church there Saturday morning at 9 o'clock. The double-ring ceremony and nuptial mass were performed by the Rev. Philip Gergen.

The fitted bodice had a sarbrina neckline embroidered in iridescent sequins and seed pearls and long sleeves ending in a point over the hands. The full bouffant skirt was styled with appliques of Chantilly lace embroidered in sequins and seed pearls and ruffles of tulle and Chantilly lace down the back. Her fingertip veil of nylon net fell from a tiara of sequins and seed pearls. She carried a frontline bouquet of white fugi mums and stephanotis centered by a white orchid with a

The matron of honor, Mrs. Richard Hemler, Philadelphia, was attired in a street length gown of white filmy sheer nylon over pink acetate taffeta lining. The midriff was of re-embroidered lace and ribbon beading. The scoop neckline came to a V in the back. She wore a matching nose veil which fell from a headpiece of filmy petals sprinkled with seed pearls. She carried a frontline bouquet of white and blue tinted fugi mums and pompons. The bridal attendants, Mrs. Richard Thomas, Media, and Mrs. Fred Bowling, York, wore blue and white gowns identical to the maid of honors and carried similar bouquets of pink and white.

Fire Destroys Barn, Livestock,
Crops On Local Doctor's Farm:

Fire of undetermined origin destroyed a barn, about 15 head of livestock and most of the barn of Dr. Edgar A. Miller, Baltimore Street, near Hampton, at 9 o'clock, Friday evening. The loss is estimated at \$6,000, partly covered by insurance.

Lawrence Moul, tenant on the place and his family were attending the farmers picnic, between East Berlin and Abbottstown, when the fire was discovered by Guy Albright, a neighbor. Mr. Albright said he drove past the place 10 minutes before and saw no sign of a fire, but after putting his automobile away, he discovered the barn was on fire from end to end, indicating that spontaneous combustion was the cause.

Democratic Leaders Not Taking Sides: Leaders of the democratic party in Adams county today characterized rumors of "primary partiality" as "unfounded and without the slightest basis of fact."

For several days there have been heard repeated rumors that some leaders of the democratic party have been working for "pre-emptive candidates" and that the party ranks were being split as a result of the division in the primary contests for various offices to be filled here at the November election.

Will Inspect School Buses: The schedule for the annual inspection of school buses in Adams county, required by the state department of public instruction and the state highway patrol was announced today by Professor J. Floyd Slaybaugh, Adams county superintendent of schools. Letters notifying school board secretaries and bus drivers of the inspections were sent out Friday by Prof. Slaybaugh.

Grand Jury Recommends Front Door Of Jail Be Locked To Bar Escapes: In its report to Judge Donald P. McPherson, following an inspection of the Adams county jail this morning, the August grand jury, Burgess Wilbur J. Stallsmith, foreman, recommended that Sheriff John C. Wible instruct his jail officers to keep the outer door of the jail locked to prevent the further escape of prisoners.

Post Office Clerks Arrive For State National Conventions: The vanguard of delegates to the national and state conventions of the United National Association of Post Office Clerks began arriving today. The state convention opens late this afternoon and closes Sunday evening, while the national convention opens Monday morning and closes at noon on Thursday.

Markets Are Packed With Cooked Food: Housewives desiring a day off from baking could well satisfy their needs at the farmers and Gettysburg markets this morning. Home baked huckleberry pies were offered at 25 cents each, and crumb, apple and peach pies at 20 cents each; old fashioned molasses pies, 30 cents each.

Truck Crashes Into Auto Here: A car driven by Roy Leatherman, Mummansburg, and a truck of N. L. Minter's store, driven by Nelson Myers, Gettysburg, collided at the intersection of Baltimore and Middle Streets this morning at 9:30 o'clock.

The New York Rangers will open the National Hockey League season on Oct. 5 at Madison Square Garden, the first time they have opened at home since their debut in 1926.

Today's Talk

MY WANDERING BOOKS
I love to give books away to my friends and to others who have a similar taste for great books as I have. I like to have many good books with me everywhere I go. They blot out loneliness and stimulate and uplift the mind.

There are times when I so miss some of my highly prized books that I have to hunt for them. I have given them a collective name, however. I call them my "wandering books." But when they get tired of their foreign wanderings and return I give them their old places beside Thoreau, Robert Frost, "The Roadmender," or that beautiful book, "The Wind in the Willows."

I don't feel unhappy though about the wanderings of books like these mentioned, for the messages they bring back, and the added appreciation thereby created for great writings, are worth the purchase price of the "wandering books" a dozen times over—no matter what the book might be.

I love to see a book showing evidence of use—but not abuse. Books have human qualities; they are warm and a part of us all. They console as no mere words alone may do. Let these wandering books alone. Let them travel. They will bless you as they have blessed millions who have partaken of them.

Tomorrow Mr. Adams will talk on the subject: "Perfect Happiness"

ENVY
Work's gettin' mighty burdensome,
An' every task is grim;
Hear the robin singin'
An' sit an' envy him.

He seems so free from trouble
An' contented like an' gay,
For the whole wide world is his
Play ground

An' he's got the time 'r play.
When the sun is brightly shinin'
An' the skies above are blue,
He hasn't got an office
Filled with tasks for him 'r do.

The whole world his 'r ramble,
An' there's none 'r say him nay!
He's king of his dominion,
An' he sings the time away.

NORRIS DENIES
KEFAUVER RAP

WASHINGTON (AP)—Promoter James D. Norris has denied a charge that he is hiding out in Europe to avoid testifying in the Senate boxing hearings. He says he will be on hand for the hearing tentatively set for Oct. 18.

The evasion accusation came Tuesday from Sen. Estes Kefauver (D-Tenn), chairman of the Senate Antitrust and Monopoly subcommittee. He said Norris had failed to acknowledge receipt of two messages asking him to return to this country to testify.

Norris, reached by the Associated Press in Paris, said he had planned his European vacation for many weeks.

"Certainly, I have no intention of avoiding the Senate hearing and will return long before that," Norris said.

Norris is a former president of the International Boxing Club. The Kefauver subcommittee is looking into the club's activities in its hunt for evidence that mobsters have exerted monopolistic control over professional boxing.

Kempton Pessimistic About Delone's 1960 Outlook; Open Against Nighthawks

Good guards and a speedy backfield is the best way Head Coach "Buckey" Kempton described his Delone Catholic High School football team as they prepare for their opening game against the Nighthawks of Hanover High on September 9 on the Sheppard-Myers Athletic Field.

Kempton, who has a tendency to be a little pessimistic, has reason to be this year. The Squires have seven returning lettermen and the team that started over half the ball games a year ago, including 14 letter winners, graduated last June. The former Gettysburg College star athlete will use his seven vets as a nucleus plus the aid of several players who saw considerable action last season following injuries among the starting 11.

The mainstays on the Squires' team are Jim Smith, guard; Fred Murren, tackle; and Glenn Gastley, end. All are seniors. Gastley is a Gettysburg student attending the McSherrytown school.

Line Lighter

As far as the line is concerned, Kempton noted that they will be about four pounds lighter than last season, averaging 180 to 181 pounds per man. The second unit line, Delone utilizing the services of two complete units, equals the first in size, strength and ability. A few of the Squire's key prospects include ends, Dick Rosensteel and Bill Timmins, both Juniors (Rosensteel is an excellent receiver and stands about 6'2"); Seniors Ben Stuller and Tom Miller at tackles; Don Price and John Poist, a pair of Juniors pushing the guard posts, and Tim Bennett and Mark Long seeking the center job.

Jerry Loss, a Junior up from the JV squad, has the potential of becoming an outstanding lineman. Don Price and Mark Long are also products of the junior varsity.

Kempton is pleased with his guards and backs, but says the ends are the weakest due to the lack of depth in that department. The backfield will be small, but what they lack in size they are capable of making up in speed. Junior Don Hartlaub has been switched from halfback to quarterback to strengthen that post.

Regular Halfback

Veteran Tom Keffer, 175 pounds, is expected to be one of the regular halfbacks. He will be pressed by such talent as Seniors Eddie Lough and Dick Boyer and Juniors Dick Wierman and Dan O'Brien.

A pair of Seniors will handle the fullback slot. Paul Sponseller and Mike Smith have been showing the most promise, but are being pushed by Sophomore Charles Elder and Junior Mike Melhorn.

Kempton will send a mixture between a split-T and winged-T offensive attack against his 1960 opponents. He says that by doing this "we can take advantage of our speed."

Delone will field a team composed mainly of Juniors with 13 Seniors and a handful of Sophomores. Kempton said, "We're young, but we have a lot of enthusiasm and this is one team that really wants to play ball. Because of the fact that we are young, we are going to have to do a lot of work before the season's opening game."

Tough Schedule

"We have a tough schedule," Kempton said, "but I think we'll get stronger as the season progresses. Our main objective is to take one game at a time." Asked who will have the toughest team

Youngster Tops PGA Qualifiers

MILWAUKEE (AP)—Buzz Garvin, 19-year-old sharpshooter from Denver, Colo., the youngest golfer on the PGA circuit, led a qualifying field of 81 players Tuesday in the preliminary test of the \$30,000 Milwaukee Open Golf Tournament when he shot a 2-under-par 68.

Garvin and 70 other players qualified with 80 exempt golfers for competition in the 72-hole medal play meet that begins at the North Hills Country Club Thursday.

Ed Meyerson of Los Angeles, Ray Montgomery of Indianapolis and Tom Roney of Little Rock, Ark., each came in with a 69. Bill Krause of Los Altos, Calif., Huston La Clair of Birmingham, Ala., and Paul Farmer of Sacramento, Calif., turned in par 70s. The low amateur was Emil Esposito of Chicago with 72.

COBB WISHES GIANTS WOULD FORGET WIND

SAN FRANCISCO (AP) — Ty Cobb still likes the San Francisco Giants. But he sure wishes they'd forget about that Candlestick wind.

Cobb, 73, left a hospital bed Tuesday night to watch the fifth place Giants play sixth place Cincinnati. The Giants won 6-1 and the Georgia Peach was happy.

"I liked the Giants in spring training, and I still like them," he said in a press box interview. "But they should realize the hit and run is just as important as the long ball."

Pull Too Much

The wind was whistling through Candlestick Park, leading Cobb to declare:

"Sure it's bad, but you have to live with it. The hitters shouldn't try to pull the ball down the lines. They should go up the middle."

"You can hit yourself into a slump trying to be a pull hitter," Cobb knows his hitting. He led the American League from 1907 through 1919 with the exception of 1916 when Tip Speiser won the hitting crown. He holds most of the major league records worth owning.

Cobb, first man in the Hall of Fame, said he was taking treatment and medication for the same ailment that hospitalized him earlier in the year. He declined to divulge just what the trouble was, saying only, "it's a source of poison."

He returned to Palo Alto-Stanford Hospital after the game.

ROME READY FOR OLYMPIAD ON THURSDAY

By JERRY LISKA

Associated Press Sports Writer
ROME (AP)—Amid tranquility which even sent 10 Communist athletes to a special audience by Pope John, this ancient, storied city was poised today for the start of the 17th Olympiad Thursday.

The papal audience for all Olympic athletes and officials in St. Peter's Square just precedes the arrival of the Olympic torch from Greece.

At City Hall, the torch will be set in a tripod, remaining lit until it is carried to the Olympic Stadium for the official opening of the games.

Khrushchev Sent Message

A pro-Communist newspaper, Paese Sera, disclosed Soviet Premier Nikita Khrushchev sent an Olympic message to Rome, to be delivered by the Soviet embassy to the Italian games organizers shortly before today's papal audience.

The newspaper said as a result of Khrushchev's message, confirming a "spirit of brotherhood," that 10 of the Soviet Union's 400-member athletic delegation would attend the audience by the head of the Catholic Church.

After the opening ceremonies before an expected 100,000 in the Olympic Stadium, the games proper will start with eliminations in boxing and water polo Thursday night.

Track, Field Next Week

On Friday, seven more sports will move into action. But the kingpin of the games, track and field, does not start until next Wednesday and the last of the 18 sports to be contested, equestrian, gymnastics, weightlifting and shooting do not begin until the week of Sept. 4.

Favorable weather was predicted for the opening ceremony which will see 4,000 of the total 8,000 athletes from 85 nations parading under the late afternoon sun. The parading group was restricted because of space limitations in the white new Olympic Stadium.

Re-elect Brundage

The International Olympic Committee Tuesday cleared its decks for the start of the games by unanimously re-electing Chicago's Avery Brundage, 72, for another four-year term as president.

The wealthy hotel man, already president for eight years, last defeated a reported move to unseat him. The re-election meant a vote of confidence for the austere amateurism preached by Brundage, if not practiced to his wishes, throughout the world.

FAVOR BUCS, PIRATES

NEW YORK (AP) — If you think Pittsburgh will win the National League pennant, you agree with the Broadway book-makers. They no longer are taking bets on the Pirates, who lead second place Milwaukee by 6½ games.

The New York Yankees are 1-2 choices to be the American League team in the World Series which will open in the National League park, probably on Wednesday, Oct. 5. The Chicago White Sox are rated 3-1, with Baltimore a 5-1 pick.

CURTIS TEAM LEADS FIELD IN GOLF PLAY

TULSA, Okla. (AP) — Six internationalists were still in command of the National Women's Amateur Golf Championship today as the head-to-head match play battle moved into the third round.

Two rounds will be played today to cut the original field of 102 to eight quarter-finalists. A strong possibility existed that six members of the U.S. Curtis Cup team could be in the stretch drive for the title now held by Barbara McIntire, pretty brunette from Lake Park, Fla.

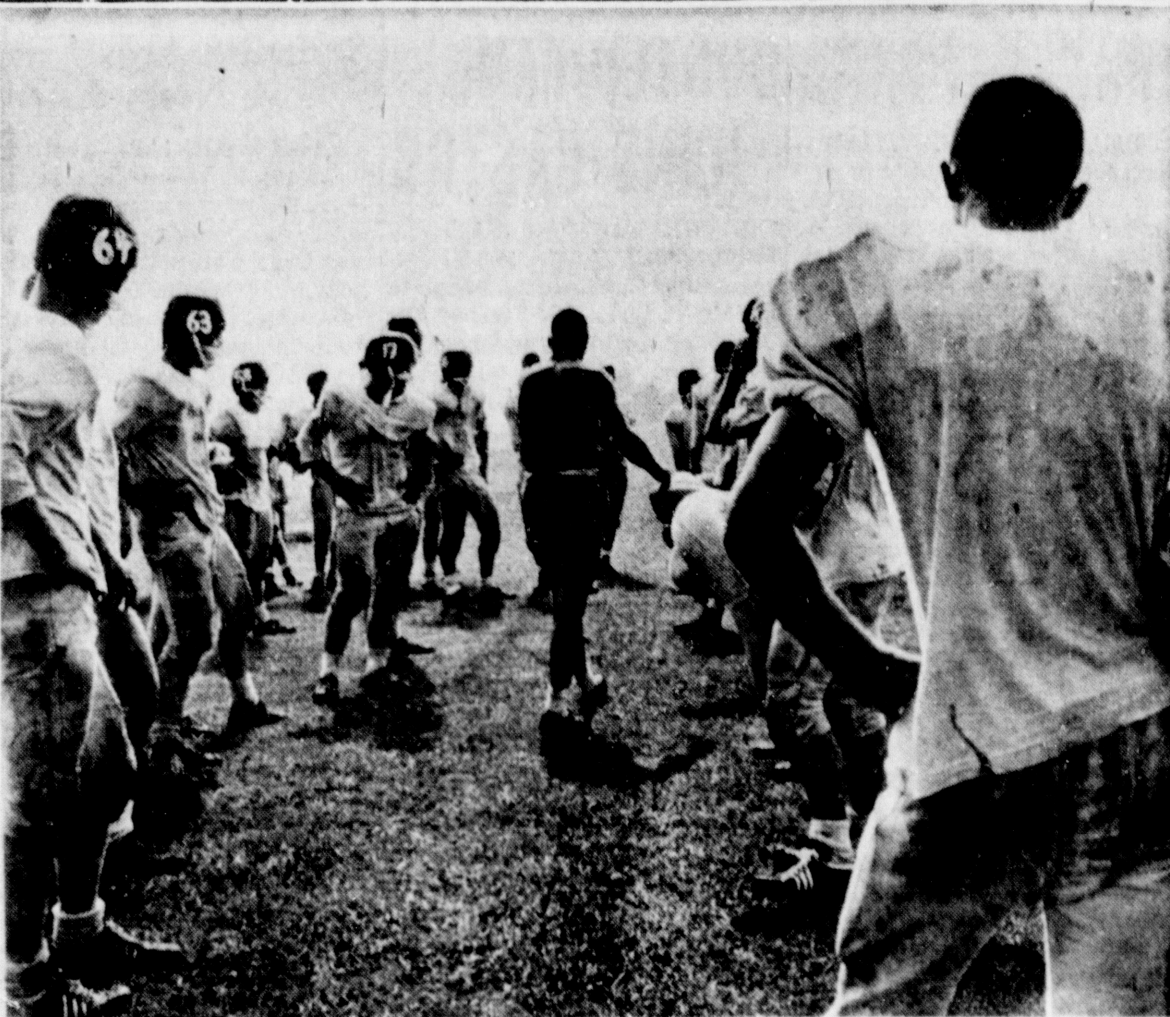

The six team members on hand for this tournament are Miss McIntire, Ann Casey Johnstone, Marion City, Iowa; Anne Quast, Marysville, Wash.; JoAnne Gunderson, Kirkland, Wash.; Judy Bell, Wichita, Kan., and Judy Eller, Old Hickory, Tenn.

Downs Fladoos

Miss McIntire defeated 17-year-old Sharon Fladoos of Dubuque, Iowa, Western Junior champion, 3 and 1 with a 3 over par effort. Miss Bell was an easy 5-and-4 winner over Sandra Palmer, Fort Worth, Tex.

Miss Eller took advantage of mistakes by Oklahoma champion Beth Stone of Muskogee to post a 2-and-1 decision. Miss Quast helped to keep the younger contingent in its place with a 2-up win over junior champion Carol Sorenson, Janesville, Wis.

Mrs. Johnstone defeated 15-year-old Judy Torluemke, St. Louis, 4 and 2. Miss Gunderson sidelined veteran Marge Burns, Greensboro, N.C., 2 and 1.

Low Burdette Hurls 3rd Straight Shutout; Bucs Rally To Beat Chicago

By ED WILKS

Associated Press Sports Writer
It looks like Milwaukee Manager Chuck Dressen really started something when he started using Low Burdette strictly as a starter.

The fidgety right-hander, who last worked in relief on July 30, when he beat Los Angeles with a home run, has pitched five consecutive complete games since, and has won four of them—one a no-hitter.

He extended his shutout string to 29 innings with his third straight shutout, a seven-hit, 7-0 breeze at Los Angeles Tuesday night as the second place Braves belted Dodger pitching for five home runs.

6th Win In Last 7

It was the Braves' sixth success in seven games, but left them 6½ games behind Pittsburgh. The Pirates rapped Chicago's Cubs 8-3. Third-place St. Louis, eight games back, beat Philadelphia 4-2. San Francisco smacked Cincinnati 6-1.

Burdette, matching roommate Warren Spahn's 15-7 record, struck out four and didn't walk a man while winning his sixth in a row at the Los Angeles Coliseum.

Mel Roach (No. 3), Al Dark (No. 4), Hank Aaron (No. 33), Ed Matthews (No. 20) and Johnny Lox (No. 5) walked the homers for the Braves, all with the bases empty.

The Pirates were shut out on six innings by Dick Ellsworth (6-10), then came from behind against the Cub lefty with four runs in the seventh. A bases-loaded walk, Dick Groat's two-run single and an infield out brought the runs home. Harvey Haddix (9-7) was the winner, with saving relief by Elroy Face.

Sanford Beats Reds

The Cardinals backed rookie Ray Sadecki (7-7) with a two-run single by Hal Smith in the second inning, and a clinching, two-run homer by Walt Moryn in the sixth.

Jack Sanford, 0-3 in his last five starts, beat the Reds with a five-hitter for a 10-11 record. The big right-hander also walked and scored as the Giants came from behind with a pair of unearned runs in the sixth against loser Bob Purkey (13-8).

2 FANS SPLIT RECORD TAKE IN BIG PAYOFF

CHARLES TOWN, W. Va. — J. Richard Zimmerman's Powder Blue will be out to make it two in a row at Shenandoah Downs tonight when he takes on seven routers in the mile and 70-yard Shenandoah Purse. The son of Air Sailor was a handy victor here last time out and will be favored to take the measure of the claimers.

Mrs. Roselin C. Bosley's Vaceil and Raymond P. Bate's Shana Madel will be out to contest the \$1,100 purse of the feature. Both are partial to the Shenandoah strip and to the distance of tonight's event.

William R. Long's Mary 'N Lib, Palm Tree Stables' Fey, Thomas Glennon's Duke-O-Warwick, James Marzano's Bartons Brook, and Parker E. Grave's Fire Moon complete the field. The race is named the Shenandoah Club, near Charles Town.

Business picked up a bit at the night track on Tuesday. Spurred mainly by the two big payoffs in the bonanza. A crowd of 5,233 wagered \$268,041, on the better weeknight performances against nearby competition. By way of putting on the icing, Shenandoah Downs produced another big bonanza payoff last night when two fans took home \$4,710.60 each. The lucky pair picked six for six to capture the biggest two-way split since the bonanza was introduced.

Victor Espinosa rode both ends of the daily double at Shenandoah last night as that payoff got back to normal after Monday's record of \$773.20. The combination paid \$34.00 on the 3-4 win of La Esmeralda and Harvey's Baby. The win by La Esmeralda, incidentally, marks the debut of Mrs. Elizabeth Lund's famous Langollen farm in night racing. Langollen string at Shenandoah Downs is handled by Shirley T. Payne.

Differs With AEC On Atomic Plants

WASHINGTON (AP) — Rep. James M. Quigley (D-Pa.) said Tuesday "it seems to me that the Atomic Energy Commission is needlessly gambling with either the public's safety or the public's money," in licensing atomic power plants.

He said, "It seriously questions whether the AEC's method of handling these licensing cases is in the best public interest," following a meeting with an AEC official.

He has asked the commission to participate in hearings on an application by the Philadelphia

Early Wynn Beats Yankees For Chisox As Tigers Nip Orioles In 11th On Homer

By ED WILKS

Gresham Meets Jeffrey Tonight

Associated Press Sports Writer
Now that Early Wynn has cut the New York Yankees down to size, the next step is to knock 'em flat.

The 40-year-old right-hander, a tough guy with a brush-back pitch, promised to do just that after he pitched the second-place Chicago White Sox to a 5-1 victory over New York and trimmed the Yankees' American League lead to a half-game Tuesday night.

What got Wynn riled was a ninth-inning pitch by Yankee reliever Jim Coates that just missed his head. Wynn made for the mound, bat in hand, before teammates and the ump checked his charge.

"Sure it was a beanball," Wynn said afterward, "and someday I'm going to get all nine of 'em (the Yankees)."

Tigers Chew Orioles

With Wynn, a first-inning replacement for Billy Pierce in a switch that led the Yanks to protest the game, putting away the 281st victory of his career, the Sox took over sole possession of second place. The hot-running Detroit Tigers knocked Baltimore to third, 1½ games behind, by beating the Orioles 5-3 in 11 innings. Washington defeated Kansas City 3-1 and Cleveland edged Boston 3-2 in 10 innings.

Wynn, now 10-8 with his third straight victory, allowed only four hits and faced the minimum 14 men over the last 4 2-3 innings after giving up a fifth-inning home run by losing pitcher Eli Grba (3-2). It was Grba's first in the majors, and ended Wynn's shut-out string at 11 games.

Yankees Protest
Manager Al Lopez brought in Wynn to replace Pierce, who made a couple of warm up tosses, but didn't pitch to a batter. The Sox lefty had pulled a muscle in a pre-game warm up. The Yankees protested, saying the rules state a pitcher must face one man, unless injured.

The Tigers made it seven in a row, their longest winning streak since 1956, when Charlie Maxwell tagged losing reliever Wes Stock (2-2) for a two-run homer in the 11th. Detroit had tied it with two in the ninth on singles by Maxwell and Rocky Colavito and a double by Al Kaline. Bill Fischer (6-6) was the winner.

Washington retained fourth place on a two-run homer by Harmon Killebrew and an inside-the-park home run by Reno Bertoia that backed southpaw Jack Kralick, who won his fifth.

Doubles by winning reliever Mudcat Grant (8-5) and rookie Mike de la Hoz broke the tie for the Indians and beat reliever Frank Sullivan (4-10).

Allentown has jumped from last place to second place in the Eastern League twice this month.

The A-Jox completed their second journey from the bottom to the top Tuesday night with a 7-6 victory over Binghamton; a victory that put the two teams in a tie for second, 10½ games behind Williamsport.

The game was won in the tenth inning when Dick McCarthy hit a bases-loaded single with two outs. Allentown has defeated Binghamton twice in a row and can take a strong hold on second place if it can take a doubleheader from the Triplets tonight.

In other games, Williamsport defeated Reading 9-3 and Springfield edged Lancaster 5-4.

The Greys, who have nearly clinched the pennant, pounded out 15 hits off three Reading pitchers. Gordy Figard led the way with three doubles and three RBI.

Reports Claim Jap Peace Feeler Rejected By Stalin With Approval Of Truman

WASHINGTON (AP) — Published reports of secret state papers say the late Soviet dictator Joseph Stalin—with the approval of former President Harry S. Truman—stalled a Japanese peace feeler three weeks before the first atomic bomb destroyed Hiroshima.

After the feeler reportedly was made through Moscow, the Japanese were formally asked to surrender and formally rejected the ultimatum before the bomb was dropped.

The same published reports say the documents relate that Stalin once praised Gen. Dwight D. Eisenhower as an "honest man" for turning over to the Soviets 135,000 German troops who had tried to surrender to the Americans.

MOTHER SEEKS OUSTED YANK

GREAT NECK, N. Y. (AP)—The mother of an American student expelled from the Soviet Union for taking pictures termed the action "utterly ridiculous."

However, Ann D. Andrews expressed concern because she has had no word from her son Joseph, 21, or American authorities as to his whereabouts or the situation concerning him. She learned of the expulsion from news reports.

The U. S. Embassy in Moscow was informed Monday that Andrews and two other American students had been booted out of the country, the latter for driving on a side road off limits to foreigners.

The embassy quoted Andrews as saying he was taken into custody and questioned four hours after he photographed apartment houses in Rostov. The Russians accused him of taking pictures of a factory behind the apartments but Andrews said he didn't know of one.

MAN IS JAILED AS WITNESS IN OWN SHOOTING

CAMDEN, N. J. (AP)—Robert H. Poulson has been jailed as a material witness of the beating and shooting that put him in a hospital for 10 days.

Poulson is one of six persons accused of complicity in a burglary at the home of John Rich, a coal mine owner who lives in Pottsville, Pa. Estimates of the amount taken range up to \$300,000.

Investigators have said Poulson and Vincent J. Blaney, 26, of Philadelphia, are to be prosecuted witnesses if they and the four others accused of the theft are indicted and tried. Blaney was beaten two weeks before Poulson was and has disappeared.

OUSTED YANK JOINS CASTRO

HAVANA (AP)—A dishonorably discharged U. S. Air Force sergeant who once tried to defect to the Soviet Union said Tuesday the Cuban air force is considering his application for a job in Fidel Castro's intelligence service.

Paul D. Wilson, 31, of Indianapolis, Ind., said Castro's secretary, Juan D. Orta, wired him the air force would get in touch with him.

Wilson told newsmen Monday he hoped to join Castro as a "loyal Cuban patriot."

Wilson said he was in the U. S. Air Force 12 years and tried to defect to the Soviet Union while serving in Germany but was caught by U. S. military police. He subsequently was sentenced to three years in prison and a dishonorable discharge for desertion, larceny and forgery. He was freed after serving part of his term in a federal prison in the United States.

His former wife, Loyce Sims, and two children, Ralph 8, and Paula, 4, live in Indianapolis. His mother lives in North Miami Beach, Fla.

Left At Hospital

Poulson, 24, of Philadelphia was left at the rear of Our Lady of Lourdes Hospital on Aug. 13. He had been shot in the back and stabbed in the face.

John Berkery, 26, of Haddon Township, N. J., another defendant in the 1959 burglary, is free on \$25,000 bond as a material witness in the attack on Poulson. Poulson said he was with Berkery shortly before he was attacked.

Police have said the beatings were an attempt to keep Poulson and Blaney from testifying.

Poulson released from the hospital Monday and was taken immediately to jail. Police said they have obtained little information from him. He was held without bail.

Arthritis Aces Eye Noisy Knees

WASHINGTON (AP)—The noise that knees make—in sickness and in health—offers a potential new aid in diagnosing arthritis, an Ohio State University doctor said today.

Dr. Herbert Fischer told the third International Congress of Physical Medicine there are remarkable differences in the sounds made by normal and abnormal knee joints when they are moved. Studies indicate that alterations in the sound pattern may be noticed before physical changes are observable by X-ray, he added in a prepared report.

SEN. JACKSON IN DOUBT ON NIXON PLANS

By JACK BELL

WASHINGTON (AP) — Sen. Henry M. Jackson (D-Wash.) said Tuesday he admires the courage but doubts the political wisdom of Vice President Richard M. Nixon's decision to speak in the Deep South.

Nixon announced Monday he will talk in Birmingham, Ala., and Atlanta, Ga., Friday after a speech Wednesday at the Veterans of Foreign Wars convention in Detroit, Mich.

Jackson, the Democratic national chairman, said he suspects Nixon may have some hopes of causing elector trouble for Sen. John F. Kennedy of Massachusetts, the Democratic presidential nominee.

Very Confident

"I am confident we will carry Georgia and Alabama," Jackson said. "If we can't carry those two states we're out of business. I don't think Mr. Nixon is going to get any electoral votes there, but maybe he's thinking he will cause some trouble for us."

HOUSTON, Tex. (AP) — Lewis E. Semora, 82, sprayed his neighborhood with shotgun charges Monday night and killed a deputy sheriff as police surrounded him.

Sheriff Buster Keans said Semora was incoherent and couldn't answer questions. He was taken to a hospital for treatment.

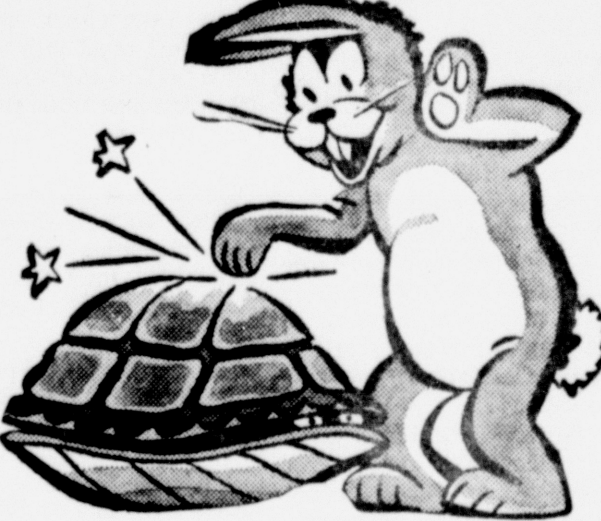

Killed was Deputy Donald E. Knowlton, 31, who volunteered his help when police were called to the Semora home by a neighbor, Evelyn Lindsey, 33, who said two windows in her home were shot out.

Salesman Confesses He Strangled Wife To Death

LITTLE ROCK, Ark. (AP) — Police said Tuesday a 36-year-old salesman had confessed he rode a train to Pittsburgh, strangled his wife, then flew back.

Chief homicide detective Ted Botula of Allegheny County, Pa., police said Robert Phillip Uhlmann had planned the most nearly perfect murder he had ever run into. Botula said Uhlmann gave a statement admitting the strangulation of his wife Sunday after several hours of questioning Tuesday night.

The detective said he was convinced Uhlmann had planned to kill his wife when he left Little Rock Saturday.

Uhlmann wrote his own statement in longhand, Botula said.

Quarrel Precedes Murder

Botula said Uhlmann left on a train at 1:30 a.m. Saturday and arrived in Pittsburgh about 24 hours later. He rode to his suburban house in a taxicab, Botula said, and instructed the driver to return in 20 minutes.

Uhlmann crawled through a window into the house, fearing a door-opening would rouse someone, Botula said, but he encountered his wife and they quarreled. They were heard by the four

Uhlmann children who had told police earlier of seeing their father in the house.

After the slaying—by knotting a nylon stocking around his wife's throat—Uhlmann met the cab driver and rode to the bus depot, Botula said. He rode a bus to Cleveland, Ohio, where he caught a plane to Memphis, Tenn., and then on to Little Rock.

Nabbed In Little Rock

He was arrested about an hour after he reached Little Rock on a warrant from Pennsylvania.

The detective said Uhlmann told him he went to Pittsburgh because he heard his wife was having an affair with another man. He said a .32 caliber pistol found when he was arrested had been taken along in case the man was at the house.

Prior to writing the statement, Uhlmann had been connected with the plane ride by Little Rock police. Detective Capt. A. M. Haynie said two witnesses, including cab driver James A. Hill, told about Uhlmann riding from the airport into Little Rock shortly before his arrest.

Children Find Body

The body of 37-year-old Gloria Mae Uhlmann was found Sunday by the four children who told of-

Chain Manager And Steal \$2,800

NEW CASTLE, Pa. (AP) — Police today sought two bandits who stole \$2,800 from the Commercial Credit Co. office here after chaining the manager in a rest room.

The men, wearing straw hats and sun glasses, entered the office just before closing time Monday.

Office manager Peter Gerace, 23, had the cash and some checks in a bag ready for a night deposit at a bank, police said.

The bandits bound Gerace with a rusty chain and two padlocks, officers said. He was found several minutes later by a cleaning woman, but by that time the bandits had escaped.

ficers their father had been in the house in the early morning hours. Uhlmann had denied the slaying repeatedly, saying he was fishing on a nearby lake Sunday morning.

A \$600-a-month office furniture salesman, Uhlmann had told fellow workers he intended to move his family to Little Rock over the Labor Day holiday.

Botula was assisted in the prolonged questioning of Uhlmann by Lt. Harold Beck of the Baldwin Township police. They arrived Monday and immediately began the interrogation which led to the written statement.

SCHOOL BOARD OKAYS FIRING IN SEX CASE

MILWAUKEE, Wis. (AP) — A committee of the Milwaukee School Board has recommended that a high school teacher who initiated sex discussions in his classroom be discharged for "inefficiency and lack of good behavior."

Formal action by the full board in the case of Edwin M. Wasilewski, an instructor at Boys' Technical High School, will not be taken until Sept. 6 when the committee's report is presented.

Led Discussion

At Wasilewski's hearing before the board, it was testified that he led discussions which touched on such topics as premarital relations, prostitution, and homosexuality. Wasilewski contended the discussions were proper under the circumstances and that he violated no rule in holding them.

Wasilewski, a bachelor, was suspended by the superintendent of schools, Harold S. Vincent, when several parents and students complained about the discussions. Board President John Pederson said that the 13 members of the committee which considered the case voted unanimously to find charges "proved and true."

DOTHAN, Ala. (AP) — Two neighbors returning from a Florida fishing trip got into a fight over a dog. One was killed and the other charged with murder.

Sheriff Alvin Davis said an autopsy showed Cleo Luster, 31, choked to death on a partial dental plate which got jammed in his throat, apparently during the fight with Ernest H. Williamson, 39, Sunday night.

School at Glendale, Calif. He has accepted a position with the Trans World Airlines and is now stationed at Idlewild Airport, New York.

Derailed Tanker Delays Commuters

NEW YORK (AP)—Thousands of commuters who live in Connecticut and work in New York City were delayed Tuesday by a derailment.

An empty tank car jumped the tracks just east of the station at Stamford, Conn., as a 109-car New Haven freight train was moving through the city at 4:35 a.m. The derailment blocked two of the New Haven's four tracks.

DEATHS

By THE ASSOCIATED PRESS

NEW YORK (AP)—Dr. Davis Bernard Steinman, 73, who designed 400 bridges in a career covering 50 years, died Sunday. He was in charge of reconstruction of Brooklyn Bridge from 1948 to 1954 and considered the 77-year-old bridge the world's most beautiful.

NEW YORK (AP)—E. Loyd Dosch, 60, president of the American Home Foods division of American Home Products Corp., died Sunday of a rheumatic heart condition. He was born in Sparta, Wis.

Idle Hour Farm's Little Mo is named for Maureen Connelly, the former tennis champion.

CHARGE FOUR WITH MURDER

PHILADELPHIA (AP) — Four teen-agers were charged with homicide Monday in the fatal beating of William J. Matthews, 16. They were held without bail.

The four, members of the Road Gang, are Walter Norman, 15; Thomas Brown, 15; Spencer Lee, 16, and Jerome Wise, 17. All are Negroes, as was the victim.

Two other boys were held as material witnesses—Leroy Griffin, 16, and Frederick Taylor, 16. Matthews was returning home from a summer job on Aug. 16, Griffin testified, when Brown stopped him. Brown didn't like the way Matthews was walking, Griffin explained.

A defense attorney said the death was a result of the fight. Matthews had a weak heart.

Judge Theodore O. Sapulding of Municipal Court interjected, "Fight? This was no fight. It is no fight when a gang attacks one defenseless, weak boy."

According to one estimate, more than 100 companies make fluids and gadgets to assist a backyard chef in lighting a charcoal fire.

HOPE CHEAPER MONEY BRINGS BUSINESS RISE

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP)—Cheaper money in the United States is coming all along the financial front, like it or not.

The hope is that it will help business pick up speed this fall after its spring and summer lull, although the experts are divided on whether it will.

But lower interest rates here also could spur our loss of gold and the flow of short-term capital from these shores to those of booming Europe.

New Inflation
A less likely, but still possible, result of lower interest rates now is that this might set off a new inflationary boom, but only a few think the economy is in a position to react in that way.

It's this rather mixed blessing that the financial, business and government world is studying today in the wake of the initiation of a drop in the cost of business borrowing from the nation's banks. This bank charge is called the prime rate, and it is the most important of the many interest charges in its spreading effects

on business and individuals alike. The drop in interest rates here is partly the result of the stagnation of industry—less demand for credit at a time when funds for investment are building up.

Money Managers
Part of the drop is due to steps taken by the nation's money managers, whether these are to bring interest rates in line with current conditions, as the Federal Reserve Board insists, or whether the moves are consciously intended to break the business stalemate before it slips into recession.

But the interest rate trend here is running counter to that elsewhere in the world, particularly Western Europe. And as a result, the United States has been losing both lendable funds and gold. The trend has become so sharp that in West Germany and Switzerland steps are being taken to halt the flow lest it spur inflation there.

Our loss of gold slowed for a time, but in the last six weeks the U. S. Treasury store has dropped by 300 million dollars. More disturbing is that foreign holders of U. S. dollar assets could call for gold instead and the drain could pick up speed.

Temp Businessmen
U. S. money authorities think this unlikely and apparently deem more important just now the bringing into line of interest rates, low enough to tempt businessmen to borrow for expanded activities, for new equipment or plants, or building up stocks.

Vet Pilot Killed In Plane Crash

OIL CITY, Pa. (AP)—A veteran pilot employed by an oil company was killed Tuesday in the crash of his light plane in the Allegheny River.

Orval Dale Boyer, about 39, of Franklin R. D. 1, was on a routine flight for the Buckeye Pipeline Corp. of Franklin checking pipelines for leaks.

Boyer's two-passenger Piper Cub apparently struck a high-tension wire, a state police investigator said. The craft spun into the river at Rockmere, about three miles south of Oil City.

They also appear to hope that cheaper money will revive the home building industry and perhaps the lagging sales of some appliances. In turn this could mean more factory output, more jobs.

The Federal Reserve has been setting the scene for a drop in the bank prime rate by two cuts in its own charges for funds lent to member banks and by making an additional 600 million dollars of bank reserves available to them for lending by Sept. 1.

The banks have been slow to follow, saying that while total business loans in the nation have dropped by 576 million dollars since the middle of the year, their deposits have dropped even more in recent months, so that they were lending just about all they could.

To make commercially-prepared sour cream, a lactic acid culture is added to sweet cream; the mixture is then allowed to incubate until the correct flavor and consistency have been reached.

BOYLE BOMBS MYTH OF WORK KILLING BOSS

By HAL BOYLE

NEW YORK (AP)—The average man today doesn't want to be a boss.

Ask him why, and he will probably say: "Too much responsibility, too many ulcers. You never get the job off your mind. It kills you young. I'd rather have less pay, less worry—and live longer."

This picture of the modern business executive as a harried, ulcer-ridden, tension-ridden individual who works around the clock and succumbs early from a heart attack has become as much a part of popular folklore as Cinderella or Little Red Riding Hood.

Impresses Public
Bosses have done little to dispel this highly fictional portrait of themselves. After all, it flatters them and impresses the public. Why quarrel with it?

But what is the actual truth about American industrial leaders? Are they really dollar-mad robots who wreck their lives blindly slaving for a corporation god?

No, indeed! Not by their own testimony.

Poll Results
A recent issue of U. S. News & World Report carried some results of a poll of 6,000 U. S. executives made by Dr. Harry J. Johnson, head of the Life Extension Foundation.

Dr. Johnson found: Executives worked an average of only 35 hours a week.

SOUTHAMPTON, England (AP)—An end to a wildcat seamen's strike in Southampton Monday night cleared the way for the sailing on schedule later this week of Britain's Royal Ballet, which opens a U. S. tour in New York early next month.

HARRISBURG (AP)—The Cumberland Valley Firemen's Assn. three-day convention opens here Thursday with delegates from Maryland, Virginia, West Virginia and Pennsylvania attending.

They worked only five days a week, just as do most union members.

Most Bored
Only 30 per cent took office work home with them, and these averaged only 4½ hours a week at it.

In three cases out of four, executive fatigue came from boredom rather than overwork. About 75 per cent of the executives were in good health, and as a group they suffered from ulcers or heart attacks no more than their underlings in the same age bracket.

No Undue Tensions
Only 13 per cent complained they were under undue tension from their work.

The corporation executive, however, does differ from the ordinary business employee in one significant way.

"He can afford to dissipate—the lower-salaried fellow can't," said Dr. Johnson. "We have found that executives get too little sleep; 77 per cent of executives averaged seven hours or less of sleep per night."

More Sleep
His opinion is that all most executives need is to get another hour's sleep a night, take a 15-minute walk three times a day, and maybe lose a little weight. The next time anyone offers you a \$50,000-a-year executive post, don't shrug him off like an ingrate. Accept his offer. The hours are short, the fringe benefits are wonderful, you'll live just as long—and think how much fun your wife can have spending all that money!

OFFER CUT IN INSURANCE ON MANY PUBLIC PA. BUILDINGS

HARRISBURG (AP) — Schools, hospitals, churches and other public buildings that qualify are eligible for insurance rate reductions of 25 to 50 per cent under a new plan approved by the State Insurance Department.

The program, offered by the Middle Department Assn. of Fire Underwriters, became effective on July 1, it was disclosed Tuesday night.

The association represents a majority of the insurance underwriters doing business in Pennsylvania.

Substantial Cuts

Arthur M. Harry, state fire actuary, said the plan allows a 25 per cent reduction in fire insurance rates, a 40 per cent cut in extended coverage costs (wind, damage, etc.) and a 50 per cent cut in rates for vandalism, malicious mischief and sprinkler leaks.

To qualify, owners of buildings operated in the public interest must agree to:

Carry on a regular (quarterly) program of fire inspection and to show a cooperative attitude toward recommended improvements.

Deductible Clause

Submit to annual inspections by the Middle Department.

Insure property for at least 90 per cent of its value.

Under a deductible clause, pay for the first \$1,000 of any damage not caused by fire and lightning.

Pay a minimum annual premium of \$1,000.

Actual rates for the new plan will be based on a study of individual properties by the Middle Department, subject to later revisions.

List Of Eligibles

Eligible properties include public and private schools and hospitals (with the exception of nursing homes), churches, convents, monasteries, parish houses, city and town halls, armories, police and fire houses, court houses, libraries, park properties (other than amusement parks), museums, state houses and capitol buildings.

It was explained that the reductions were made possible because of the narrow class of buildings covered, the program of inspections tending to lessen hazards, the \$1,000 deductible clause and the stipulation requiring 90 per cent coverage.

7 UNION MEN FACE TRIAL

PHILADELPHIA (AP) — Raymond Cohen and six other members of Teamsters Local 107 must stand trial for conspiracy to cheat and defraud the local.

The seven had protested that their indictments were obtained illegally because Dist. Atty. Victor H. Blanc went to a grand jury without first arraigning them on the charges.

Judge Joseph E. Gold of Common Pleas court ruled Monday that Blanc had acted in good faith. Blanc said the statute of limitations on the offenses would have expired if he had not hurried the indictments. He said he didn't have enough evidence to act earlier.

The indictments were returned last September. They did not specify the amount involved in the alleged crime. The figure has been reported as more than \$100,000.

Indicted with Cohen, who is secretary-treasurer and unofficial leader of the 13,000-member local, were Joseph E. Grace, president, Joseph E. Hartsough, Cohen's secretary; Edward F. Walker, recording secretary; Abraham D. Ber-man, business agent; John J. Elco, a member, and Ben Lapensohn, a former business agent.

No trial date was set.
